Policy and Procedures :

Our standard moving procedure requires that ALL furniture shall be blanket-wrapped, with upholstered and leather furniture being shrink-wrapped before blanket-wrapping (to prevent dirt and/or sweat discoloration). All fragile items (i.e. lamps, pictures, glass items, etc.) must be boxed. If items are not properly packed, the drivers may refuse to move those items until properly packed. At destination, all items will be unwrapped and uncovered.

Notices :

For insurance purposes and to provide proper protection for your belongings, our drivers are instructed to not move any loose items, live plants, or hazardous materials.

We shall always accommodate you and your moving requirements to the best of our abilities, however if it is too risky for the drivers to continue working due to weather and/or safety conditions, we shall delay, postpone or reschedule your move.

Give yourself plenty of time for packing, if you need us to pack for you then we shall arrive a day in advance to pack, and move you the following day. This is very cost efficient and will help to keep you from overtime expenses.
